## KY ANDERSON

*New Work*

DOLPHIN is pleased to present an exhibition of new work by Ky Anderson, on view July 9 through September 4, 2010, with an opening reception with the artist, Friday, July 9th, 5 – 10 PM.

This new body of work represents for Anderson an evolution of images and themes developed throughout her career. Embracing the abstract these paintings offer an insightful and nuanced study in achieving balance while recognizing the often persuasive pull of imbalance.

Anderson's work is characterized by an elemental mapping of a space inhabited by imagery both crude and sophisticated. Leading the viewer through this subconscious terrain, the paintings are animated by motion—sometimes contained by meticulously organized stacks and grids, other times organically dripping, flying and rolling across the canvas. These psychological landscapes contain horizons supported by unreliable fulcrums and tugged by forces just out of frame.

Ky Anderson was born and raised in Kansas City and graduated from the Kansas City Art Institute in 1995. She has lived and worked in Brooklyn, New York since 1996.

Also on exhibit at Dolphin works by **Darcy Badiali, Robert Josiah Bingaman, Peregrine Honig, Dan Reneau, Christina Vantzou** and **Andrzej Zieliński**.
