Eric Sall
Isolated Incidents

Eric Sall new paintings at Dolphin Gallery were created within the past year during a studio residency at the Marie Walsh Sharpe Art Foundation Space Program in Brooklyn. In addition to the seven large scale canvases on display the exhibition includes an entire wall installation of small drawings, paintings, photographs and collages mocked up as they were in Sall's studio in New York.

Rachel Hayes
Ice Cold Day Dreams

Rachel Hayes installation *Ice Cold Day Dream* envelopes the front Gallery at Dolphin. A single 30 X 30' drape of sewn fabric and vinyl hangs weightlessly acting as catch-all for the dense and weighted form that seems to rest in its embrace. Created is an experimental landscape with color, line and light, layered to create a depth of new and ambiguous images.

Gallery hours: Tuesday - Friday 9 - 5 | Saturday 12 - 5
