Since 1992 when Dolphin opened, in what is now the Crossroads Art District, we have featured many artists and have had the opportunity to exhibit their work in both solo and group exhibitions. As we look forward to our new location in the Westbottoms/Stockyards opening this August, we would like to thank of you for your continued support. For more information and to view the construction progress, please visit our website: www.thedolphingallery.com.

Please join us for the final exhibition at our 1901 Baltimore location. Opening Friday June 6th and running through July 26th. Included in this show will be a selection of gallery artists that have shown with us throughout the years.

Gallery hours: Tuesday-Friday 9-5 | Saturday 12-5
